The Mind of the Child in Matt. 18

- *Jesus thinks I am somebody!*
- *Jesus thinks I have something to offer!*
- *Jesus thinks I have something to teach those adults about how to enter the Kingdom of Heaven!*
- *Question:*

How often in our churches do kids hear
the same messages?

How Kids Can Spur Missional Living

- *Kids are action-oriented; they “get on with it!”*
- *Kids have few or no barriers to the idea of living missionally (yet!)*
- *Kids love to help others:
the essence of missional living*

Question to Ponder...

- *On whom does your church focus its attention in terms of encouraging the congregation to live missionally?*

Another Question to Ponder...

- *How can you take advantage of the natural openness that children have to be missional? What can you begin doing to influence and encourage missional living amongst the children in your congregation?*
